Chapter I

Cityscape

The Delhi Gazetteer of 1912 describes the City as covered by forests between the Ridge and the River with varied flora and fauna. The river abounding with riverine life had large flood plane and intermittent water bodies on either side. The transformation of the City since then particularly in the last few decades has altered it geographically, demographically, visually, morphologically and technologically. The fast paced development related activities have brought their own challenges on account of the pressures of development.

The Master Plan of Delhi acknowledges the fact that the City which is growing at an unprecedented pace needs to be able to integrate its elegant past as well as the modern developments in an organic whole. Every great city needs a vision for growth in the desired direction. As citizens of Delhi and as the Capital city of one of the fastest growing economies of the world we need to question where Delhi is heading in the Twenty First Century. Will it sever its links with its multilayered past and move towards a technologically savvy future or will it cherish its rich heritage and ensure that the heritage and development co exist in harmony.

The City is governed by multiple authorities who have different plans within their domain. The Delhi Urban Art Commission is one such organisation which was set up under an Act of Parliament with the specific mandate of preserving developing and maintaining the aesthetic quality of urban and environmental design within Delhi. The functions of the Commission as stipulated in the DUAC Act can be categorised under three major heads viz.

 Recommendation on the proposals referred by local bodies and architects.

- Suo Motu initiatives to develop site specific concept design proposals on a three dimensional basic.
- Guidelines on significant policy issues referred to the Commission

The Delhi Urban Art Commission has been playing a significant role in meeting some of these challenges through its value addition to proposals referred to it by the local bodies etc.; its advisory role on matters referred to it by the Government and the local bodies and suomotu initiatives through site specific conceptual urban design studies.

Regulatory Function

Since the year of its creation in 1974 the Commission had the opportunity to consider over eight thousand proposals referred to it by the local bodies in Delhi as well as direct by the architect/project proponent at conceptual stage. Special care was taken in respect of proposals which had monuments, heritage structures and large number of trees on the site

In terms of the Unified Building Byelaws for Delhi,2016(UBBL) external agencies including DUAC are required to communicate their decision on referred proposals within 15 days to the concerned local body failing which it is treated as deemed approval on the proposal. While the Conduct of Business Regulations,1976 provides that the Commission meets once every twenty days, in view of the aforesaid provision in the UBBL the Commission, despite the Chairman and Members appointed on a part-time basis, met at least every week to prevent cases of deemed approval on proposals referred to it. The meetings of the Commission were held in hybrid form.

During the year 2023-24 the Commission met 55 numbers of times against the mandatory nineteen meetings in a year. The decisions on proposals were promptly uploaded on the DUAC website together with Action Taken Report thereon.

Abstract of Proposals (2023-24)

The abstract of the proposals referred to Commission in the year 2023-24 are indicated below:

Proposals approved 227
Proposals rejected and returned with Commission's 59
observations
Proposals rejected and returned due to incomplete 00
information

Total received 286

The criteria for project assessment and approval developed by the Commission, on the basis of which the referred proposals are considered could be perused at Annexure I. These criteria on Project Assessment and Approval have been introduced with the objective of avoiding subjectivity while scrutinizing projects which are referred to DUAC for approval. These have also been uploaded on the DUAC website (www.duac.org.in). Detailed list of the proposals could be perused at Annexure- II.

Suo-motu Initiatives

On the basis of sanction received from the Government of India in the year 2012, the Commission through its site-specific urban design studies has been able to demonstrate solutions in a 3-dimensional format to enhance visualization of the conceptual studies. The objective was not to step on to the turf of other authorities but to demonstrate urban design schemes with comprehensive design proposals taking into account physical, social and sustainable aspects, which can then be taken forward by various public organizations for implementation like Delhi Development authority (DDA), Municipal Corporation of Delhi (MCD) and such others. The Commission has till date completed 77 site specific urban design concept studies.

Guidelines on significant policy issues

The urban design studies done by the Commission includes the following guidelines on important aspects concerning the city.

- Review of Master Plan 2021 for State Bhawans/State Guest Houses
- Street Design Guidelines for Delhi
- Design manual for street elements and amenities
- Design based parking recommendations for Green Park Area
- Guidelines for vehicular parking for educational institutions
- Park Design Guidelines.
- Innovative uses of urban derelict spaces and screening of urban utilities
- Dynamic Parking Norms for Delhi 2021

The Commission looks forward to functioning in consonance with the various local bodies and authorities to promote Delhi to a world class stature.

Chapter II

Significant Proposals

The Commission had the opportunity to consider several significant projects during the year 2023-24. Each such project was examined keeping in view the Master Plan for the entire Complex, the Criteria for Project Assessment and Approval developed by the DUAC; its impact on the surrounding urban fabric and on the skyline etc. Close interaction was held with the project proponent/architect wherever required for bringing about improvements.

The significant proposals considered by the Commission during the year are mentioned below.

1. Proposal in respect of Open-Air Theater, Rashtrapati Bhawan

The recommendations of the Commission were in respect of sustainability aspects, upgrading existing structures, passage ways etc.

2. Building plan proposal in respect of Demolition and Reconstruction of Assam Bhawan

The recommendations of the Commission were on parking aspects, sustainability, camouflaging of services etc.

3. Demolition and Reconstruction plans proposal in respect of Akshara National Classical theater of India, Baba kharak Singh Marg.

The recommendations of the Commission were in respect of improvement in sustainability aspects, camouflaging of services, parking aspects etc.

4. Proposal in respect of Upgradation/renovation of District Centre at Nehru Place.

The recommendations of the Commission were in respect of various components of the proposal viz. parking areas, amphitheater, tensile shading structures, development works of roads and footpaths etc.

5. Building plans proposal in respect of Family Courts building, Sector-14, Rohini.

The recommendations of the Commission were relating to public art, sustainability aspects and camouflaging of services.

6. Layout and Buildings plan proposal in respect of c/o Police station and multi-storied staff quarters at Paschim Vihar

The recommendations of the Commission were in respect of improvement in parking aspects, sustainability, camouflaging of services etc.

7. Proposal in respect of Construction of Main Gate at Prime Minister Museum at Teen Murti Marg.

The recommendations of the Commission related to aesthetics, highest quality of material for emblem etc.

8. Proposal in respect of Earth Globe Sculpture for The Ministry of Earth Science at Prithvi Bhawan, Lodhi Road.

The recommendations of the Commission were relating to the design and colour aspects in order to bring about uniformity and harmony to the design for creating a cohesive visual appearance for the proposed elements.

Chapter III

Administration and Organization

Staff Position

The Secretariat of the Commission has a total strength of 29 officials. Secretary is Chief Executive Officer and is assisted by the Assistant Secretary (Tech.) for technical work and by the Administrative Division for administrative work.

The Secretariat of the Commission has also been entrusted with the added responsibility of functioning as the Secretariat of the Heritage Conservation Committee (HCC) which has been created in the year 2004 under the then Delhi Building Byelaws 1983 for the conservation of listed heritage buildings in Delhi. It is headed by the Additional Secretary in the Ministry of Urban Development, Government of India and the Secretary DUAC is the Member-Secretary of the Committee.

While the work of the Commission has increased considerably, the post of Urban Designer, Architect Planner and Deputy Architect which lapsed several years back are yet to be revived; thereby putting added responsibility on the existing officers and staff. Also, the post of Administrative Officer in the Commission was deemed to have abolished. Efforts are on for revival of the post. No new posts were created during the year.

The list of employees/consultants could be seen at Annexure-III.

Finance

DUAC is a non-commercial, non-earning body which functions in public interest. The Commission does not have any revenue generation of its own. The entire financial requirement is non-plan in nature and is met by grant-in-aid from the Central Government.

For the year 2023-24 the Budget outlay (BE) of DUAC as approved by the Government was₹644.00 lakhs and Revised Estimate (RE) was

₹459.00 lakhs. The total funds available including miscellaneous receipts, bank interests earned was₹ 468 lakhs. Against this, the expenditure during the year was ₹ 455 lakhs.

The Commission had till the year 2011-12 been maintaining its Annual Accounts on accrual basis except for salary. As per advice of Audit, the salary component is also now being maintained on accrual basis from the year 2012-13.

Official Language Policy

Launching new issue of Kalakriti Rajbhasha magazine

With a view to encourage use of official language and provide a forum for the employees to express their creative talent, the Commission launched the next issue of its periodical titled 'Kalakriti'.

In terms of recommendations of the high-level Parliamentary Committee on Official Language on compliance of the provisions of the Official Language Act by the Commission in its day-to-day functioning conducted in December 2016, active steps have been taken for implementation of the recommendations of the Committee and implementation report sent to the Ministry of Housing and Urban Affairs on all recommendations. With a view to increase the use of Hindi for

official work, quarterly *Karyashalas* (Workshops)were arranged during the year. Besides the officers/employees of the Commission attended *Karyashalas* arranged by other organizations.

Vigilance Activities

The Secretary of the Commission functions as its Chief Vigilance Officer. In its day-to-day functioning, the Commission takes due care to observe the provisions of the vigilance manuals and other guidelines pertaining to purchases etc. brought out by the Central Vigilance Commission.

Several initiatives have been taken by the Commission to bring about greater transparency in its functioning.

During the year 2023-24 no case of corruption or any other vigilance matter was registered.

In terms of the guidelines prescribed by the Government, the Commission organized a Vigilance Awareness Week in the month of November 2022. The week started with the Pledge administered by the Chief Vigilance Officer to the other officers and staff of the Commission. Banners and posters on vigilance awareness were displayed, lectures organized on Conduct Rules and vigilance awareness in general.

Redressal of Public Grievances

The Commission has minimal direct dealing with the public. It receives very few grievances/complaints from the public. The scope for interaction with the public has further got reduced with the Commission having adopted the Online Proposal Approval and Assessment System (OPAAS). However, Commission has appointed its Secretary as Nodal Officer for receiving complaints from the public and acknowledges the same. These are promptly disposed of in terms of the guidelines on the subject. The website of DUAC enumerates the system for redressal of public grievances.

Citizen's Charter

The Citizen's Charter of DUAC is available on its website (www.duac.org). It contains information as required to be displayed in terms of the Right to Information Act. The Citizen's Charter is reviewed periodically.

Right to Information

During the year under report the charge of Central Public Information Officer was held by the Private Secretary. Secretary of the Commission also acts as the First Appellate Authority for the purpose of RTI Act. During the year 2023-24 the Commission received 32 RTI applications. Of these replies were sent in all cases in time, 04 transferred to other organizations/Ministries as they did not concern DUAC. There were 12 number of First Appeal which were also disposed of in time. There was no second appeal.

Annexure-I Criteria for Project Assessment and Approval

These criteria Project Assessment and Approval have been introduced with the objective of avoiding subjectivity while scrutinizing projects which are referred to DUAC for approval.

Through this system, all projects which are referred to the DUAC for approval are considered based on specific preset parameters. This is to ensure greater transparency, rationality, objectivity and accountability in the process.

Whenever any project is received by the DUAC for approval, the preliminary scrutiny is done by the technical staff of the Commission as per existing practice and put up to the Commission.

Subsequently, when the Chairman/ Members/ Advisors of the Commission meet to consider approval of projects, they examine projects based on the following parameters:

Category		Parameter	Explanation
Urban Form / Context	1	Overall Space Planning and Massing	The overall layout of the area/building, space planning, distance between buildings, massing, heights, etc. shall be examined here from the point of view of harmony of the built masses.
	2	Skyline	Urban form of buildings shapes the skyline of the city. The effect of the building on the skyline shall be examined here.
	3	Street Picture	Buildings are part and parcel of the overall street picture. Buildings need to get harmoniously juxtaposed into the street picture presented to the eye of the beholder. The street picture shall be examined here.
	4	Views	Buildings need to be placed in such a manner so that the good views around are best made use of. Exploitation of views, both within the site and outside the site, shall be examined here.

Environm ental considerat ions	6	Light and Ventilation Horticulture / Landscaping	Specifically, the orientation, sizes of courts, ventilation, etc. shall be examined here from the point of view of ensuring maximum use of natural light and ventilation. The treatment of the exterior hard and soft open spaces, levels, plant materials (ground cover, shrubs, trees), rain water, etc. shall be examined here from both environmental as
	7	Sustainability Features	well as aesthetic point of view. Water harvesting, reuse, solar lighting, nature of materials used and various other 'green building' features shall be examined here.
Building Aesthetics	8	Exterior Finish	Building exterior finish treatment has a major bearing on city aesthetics. Here, the type of finishes being used shall be examined.
	9	Color	The exterior color finish of the building shall be examined.
	10	Method of Concealing Roof Top Equipments	Buildings often have several equipments on the roof top such as water tanks, generators, solar panels, plumbing and air-conditioning equipment's, etc. These present an unsightly picture and need to be concealed. Provisions for concealing these shall be examined.
	11	Method of Concealing Air Conditioning Equipments	Wall mounted air-conditioning equipment's are often an eyesore. These need to be concealed. Provisions for concealing these shall be examined here.
	12	Method of Concealing Pipes and other Services	Building has various services drain pipes, water pipes, etc. that are mounted along the exterior surface. The method of concealing these shall be examined here.
	13	Boundary Wall	The boundary wall of a building is an important element which not only demarcates the plot boundary but also addresses the surroundings. The manner in which the boundary wall is designed has a bearing on city aesthetics. The design of the boundary wall and the manner it integrates into the surroundings shall be examined here.
	14	Public Art	Provisions for integration of public art into the building / layout shall be examined here.
	15	Cianosa	
Accessibili ty and Vehicular Parking	15	Signage Vehicular Accessibility / Ease of Entry and Exit	Signage provision shall be examined here. The entry / exit to the site become very important in terms of location since ease of access, merging with traffic, etc. are affected. These issues shall be examined here.

	17	Pedestrian Accessibility and Movement	Pedestrian access into the site / building as well as within the site / between various buildings is very important. These issues shall be examined here.
	18	Parking	Proper vehicular parking is necessary, not just in terms of numbers prescribed (ECS) in the MPD, but also in terms of their location, positioning, workability etc. In some buildings, bus parking becomes important while in others, the drop off points become more important. All these aspects shall be examined here.
	19	Treatment of Entry	The entrance to the site / layout / building is very important from both the functional as well as the aesthetic point of view. The manner this has been articulated shall be examined here.
Any Other	20		Any other parameter that may be relevant to the specific project in question shall be examined here.

Annexure II

LIST OF Formal (APPROVED) PROPOSALS (2023-2024)

 SNo. Proposal Building plans in ro residential building at plotno.1, Sehgal Colony road, civil lines. Building plans in respect of Petrol Pump at Khasra No-79/2, Khata No-80, village Ibrahimpur, Burari, Nathupura Road for Bharat Petroleum Corporation Ltd. Building plans proposal for additions and alterations in respect of Commercial Building at Plot No. 4,5,6 at District Centre, Wazirpur. Building plans proposal in respect of addition of Conference hall at Nirvachan Sadan at Ashoka Road. Revised building plans proposal in respect of Family Courts building at plot no. PSP-2A, Sector-14, Rohini. Building plans proposal in respect of CISF Headquarter at CGO Complex, Lodhi Road. Building plans proposal in respect of IGL CNG Station Khasra no. 45/15, village Karala.
